

(Tewerkstelling in de pandemie / Occupation du personnel pendant la pandémie)

The coronavirus crisis and its economic fallout represents many challenges for our clients' businesses and their HR departments. How can your business remain successful coping with all these new Corona measures, going from health and safety, temporary unemployment through a different approach of the organization of work.

During this webinar, Mr. Bruno BLANPAIN and Mr. Emmanuel WAUTERS (MVVP) will discuss an updated overview of the most common topics in the context of the coronavirus crisis. They will give you a hands on overview of the available tools not only to mitigate but to strengthen your business. After Emmanuel's and Bruno's presentations, there will be plenty of time for Q&A.
