

CONTACTS

PRACTICE AREAS

Our tax group offers tax advice both to individuals and companies with regard to international and domestic issues of company tax, income tax and VAT. Tax advice is given on a stand-alone basis or as part of full-service assistance closely-coordinated with our other practice groups in connection to other legal matters.

We advise on the tax aspects of M&As, joint ventures, the setting up of subsidiaries or branches, corporate restructuring, financial engineering, real estate investments, the establishment of different types of commercial representation in Belgium or abroad, incentives in connection to employment, and cross-border employment.

We also represent our clients in filing applications for advance tax rulings, obtaining the special tax regime for foreign executives, and in tax litigation.
